

HDIS and You, Managing Incontinence with Dignity

Incontinence is the medical term for the inability to control urination. The feelings of helplessness associated with incontinence are often far worse than the medical condition itself. The treatment options vary from simple lifestyle changes to medical procedures, which can help you regain control of your bladder and maintain a normal, active lifestyle. Please consult your doctor for the best treatment for your specific needs.

TYPES OF PRODUCTS

HDIS has a wide variety of products available to meet everyone's needs.

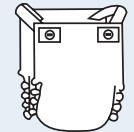

BRIEFS

Designed for maximum absorbency. They fasten with tabs and provide the highest level of protection.

PROTECTIVE UNDERWEAR

Provides moderate to heavy protection. Its pull-on, pull-off design imitates typical underwear.

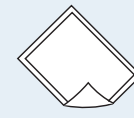

UNDERGARMENTS

Designed for moderate to heavy protection, one style fastens over the hip with elastic straps, while the other style fastens inside your own underwear with an adhesive strip.

PADS

Designed for light to moderate protection, they also fasten inside your own underwear with an adhesive strip.

UNDERPADS

These absorbent, rectangular pads are designed to protect your bed and chairs and come in a variety of sizes and styles.

HDIS also offers a variety of other products, including specially designed underwear that hold disposable pads, products designed just for men, and catheter and leg bag systems. We also offer a variety of skin care and odor control products.

Call us at 1-800-269-4663, we'll help you choose the right product!

HDIS makes it easy!

At HDIS, we've been providing convenient, discreet home delivery of bladder control products for more than 25 years. Our friendly, knowledgeable Incontinence Counselors guarantee your satisfaction and will help you find a product that best meets your needs.
